

Food security (consumer)

AUTHORS:

WU PEI YU

XIAO XUAN ZHI

What is food security?

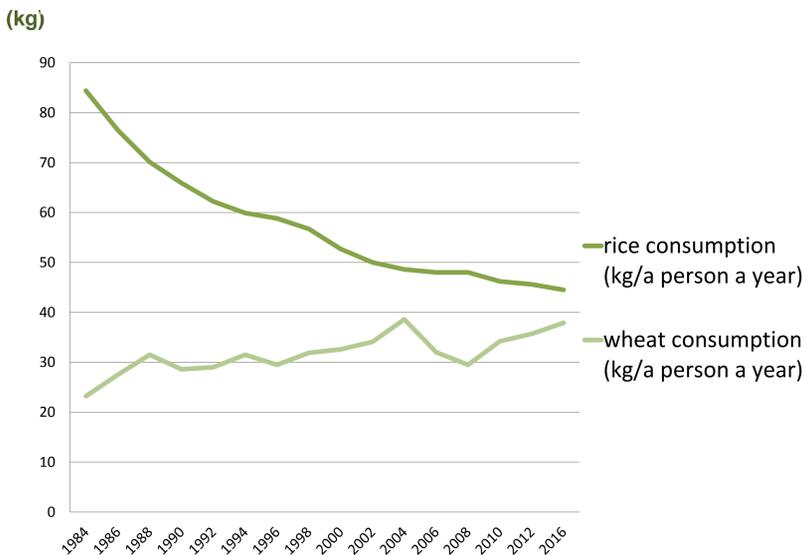

- Food availability
- Food access
- Food utilization

problems in Taiwan?

Unbalance

Production and consumption is unbalance

From: <https://www.newsmarket.com.tw/blog/102661/>

suggestions

Producer Grow

producers can balance the need of the rice and wheat.

Pictures from internet

Government balance

Government can set a policy about this problem. like dispensing allowance to farmer who is growing grain.

To be a consumer

Learn

Learn more knowledge about rice.

Share

Share your knowledge about rice to others.

Wiling

Consumers have willing to buy rice.

It is a kind of rice beyond congee calls àm.

Consumers are choosing rice.
